

# AEGIS VAULT

HARDWARE ENCRYPTED PORTABLE HARD DRIVE

USB  
2.0

## PORTABLE

Mobile 2.5" external USB hard drive

## PASSWORD PROTECTED

Password protection allowing one administrator password and up to three unique user IDs

## REAL-TIME AES 128-BIT HARDWARE ENCRYPTION

## BUS POWERED

Works on any standard USB ports

## INTEGRATED CABLE

Why carry around bulky cords? The Aegis Vault has the USB 2.0 cable built in

## EXTENSIVE SHOCK MOUNTING

16-point omni-directional shock mounting system protects your data from the hazards of travel

## RESIZE TOOL

Allows user to create unencrypted public partitions for sharing data and then resize public and private partitions as needed.

## RESET TOOL

Allows administrator to reset drive for easy redeployment of Aegis Vault

## Aegis Vault... secure, high capacity compact storage for people on the go!

The **Aegis Vault** is the ultimate portable hard drive and secure storage system. Password protected and featuring AES-128 bit hardware encryption, the Aegis Vault provides seamless real-time encryption and keeps your data safe even if the hard drive is removed from its enclosure.

Bus powered and easy to use, the Vault's encrypted partition is accessed by entering an authenticated password. The Vault can be configured to support unencrypted public partitions for data sharing and encrypted private partitions controlled only by the drive administrator. No software installation is required on the host computer to access the encrypted partition, enabling you to access your data on any PC computer system.

Utilizing the advanced design of the Aegis product line, the Vault also includes a robust 16-point omni-directional shock mounting, and USB integrated cable. With storage capacities up to 500GB\*, the **Aegis Vault** is the ideal hard drive to add additional capacity to your system. Perfect for storing photos, music and video files in addition to work documents.

Compatible with Windows PCs, the **Aegis Vault's** sleek, slim, self-powered design makes it the perfect traveling companion. Providing the ultimate in flexibility and security, the Vault gives you the option of storing your sensitive files in the encrypted partition of the drive and keeping your public files open for access.

Integrated cable	Integrated USB 2.0 cable
Bus Powered	Bus powered from standard USB port
Extensive Shock Mounting	Protects the drive with a 16-point omni-directional shock mounting system
Hard Drive Capacities	80GB*, 120GB*, 160GB*, 250GB*, 320GB* & 500GB
Plug-n-Play	Drivers not required for Windows XP and Vista
Hot Swappable	No need to power down, just plug and go
Secure storage	Excellent for notebook owners, road warriors, government, health care, insurance companies, financial institutions, HR departments and executives with sensitive data
Box Contents	Aegis Vault external hard drive with integrated cable, Software CD, Quick Start Guide, Y-auxiliary power cable & neoprene travel pouch.
Specifications	
Data Transfer Rates	USB 2.0 - Up to 480Mbps
Power Supply	100% bus powered
Interface	Hi-Speed USB 2.0
Buffer Size	8MB
RPM	5400
Average seek time	12 ms
Shock - non operating	1000G 1ms
Shock - operating	300G 2ms
Dimensions & weight	19mm X 84.5mm X 120mm (0.75" X 3.3" X 4.7") weight: 5.5oz.
Warranty	3 years limited
Approvals	FCC & CE
System Requirements	Hardware: Pentium II CPU, 32MBs RAM, USB port, CD-ROM or CD-R/RW drive Software: Windows XP and Vista
Ordering Information	<b>Apricorn Part Number: A25-VLT-xxx</b> (xxx=drive size in GBs)
